Modern. Simple. Engaging.

We offer a truly tailored and comprehensive approach to individualized wellbeing, presented to members in a simple and delightful experience. By harnessing data from a multitude of sources, risk stratification and predictive analytics, we create

personalized pathways through the use of a sophisticated recommendation engine.

Our rewards are crafted with a blend of actuarial and behavioral science, designed to spark real motivation and lasting change. By tapping into core human behaviors—like the need for instant gratification and the fear of losing out—our incentive structure draws people in and keeps them engaged for the long haul.

Client experience

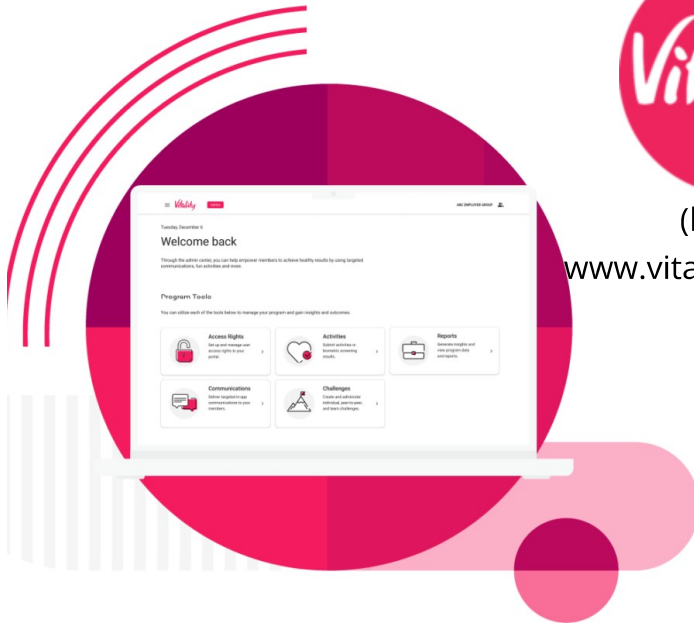

Customize

Whether you want to incorporate your branding, customize activities and challenges, tweak reward points or develop tailored surveys, we work with you to craft a wellbeing program that's unmistakably yours.

Support

Seasoned strategy managers will partner with you to help you effectively engage your members, bringing not only capacity but also best-practice tactics and strategies. And they're backed by our in-house teams of data scientists, actuaries, behavioral economists, clinicians and marketers, who work together behind the scenes to ensure you always get the best support.

Care Connector™

For members

Care Connector is fully integrated into our core platform, enabling members to harness the Power of Vitality app to manage appointments easily, coordinate with their care team and engage in tailored activities assigned to them during their care journey.
